VERSE 1

Csus C C2 C
I've heard stories told where giants fall

Csus C Gsus
And seas were opened wide

Csus C C2 C
And with just a word the storm was hushed

Csus C Gsus
And the blind were given sight

VERSE 2:

Csus C C2 C
I've heard crippled beggars stood to walk

Csus C Gsus
While demons run and hide

Csus C C2 C
And when men survived both fire and flood

Csus C Gsus
It was You right by their side

CHORUS:

F C Am G
You have been more than enough

F C G
You've always been more

F C Am G
You have been more than enough

F C G
You've always been more

VERSE 3:

F C/E Gsus/D C/E
I've seen families in a broken home

F C/E G
Restored to love again

F C/E G Am
And addicted souls who have no hope

F C/E G
They're finding freedom in your name

CHORUS X2

VERSE 4:

Csus C C2 C
I know the story of a rugged cross

Csus C Gsus
Where thieves were hung in shame

Csus C C2 C
And a heavy stone that sealed the tomb

Csus C Gsus
Where the King of Kings was laid

VERSE 5:

Csus C C2 C
But death itself could not contain

F C/E Gsus
The savior of the world

F C/E G Am
Cause now there is an empty grave

F C/E G
Proving You are always more

F C/E G
Jesus You are always more

CHORUS

BRIDGE X2:

F C
You always have been

F C G
You always will be more

F C/E C
You always have been
